

MAY MYSTERY QUILT THE FINAL INSTALLMENT

This is it, the last step before your Mystery Quilt is complete! Each side gets a 4 ½" (cut size) border. Once you have added it, back and quilt as desired. PLEASE plan on bringing your quilt to our JUNE meeting for show and tell, whether it is completed or not. It will be fun to see how each quilter interpreted this pattern. I also encourage you to submit your quilt to our quilt show. They will be hung together as a special exhibit.

And that's it. I hope you have enjoyed this almost year-long project. I adapted the quilt from a project called Arlington Square in "Nickel Quilts", a great book by Pat Speth and Charlotte Thode.
